

I am offended by the violence and obscene language that was broadcast tonight by the ABC affiliate WTNH, New Haven, CT, when it aired "Saving Private Ryan". Please fine the station for offensive behavior, violence and promoting an immoral environment for families.

As a God-fearing Christian, this program which lasted three hours was more offensive than a second of Janet Jackson's breast. And this, our Veterans Day, how responsible broadcasters could be so negligent in subjecting families to the horrors of war.

This will only give the Liberal Elite the opportunity to further oppose our valient troop's actions in Iraq and Afganistan. Americans must be resolve and resilute when opposing terrorists in this world. The "War on Terror" is not over.

God Bless America,

Jeff Gans
